

	<h2>What is Coronavirus</h2>
	<p><b>Coronavirus</b> is making lots of people poorly</p>
	<p><b>Coronavirus</b> can also be called “<b>COVID-19</b>”</p>
	<p>Coronavirus is passed from <b>person to person</b></p>

	<h2>How it gets passed from person to person</h2>
	<ul style="list-style-type: none"><li>• Coronavirus <b>spreads</b> through the <b>air</b> when we <b>breathe</b></li></ul>
	<ul style="list-style-type: none"><li>• <b>Other people</b> catch Coronavirus when they <b>breathe in air</b></li></ul>
	<ul style="list-style-type: none"><li>• Coronavirus can spread on <b>things we touch</b>, we leave bits of virus behind</li></ul>

	<ul style="list-style-type: none"> <li>• <b>Other people</b> get the virus on their <b>hands</b> when they <b>touch</b> the <b>same things</b></li> </ul>
	<ul style="list-style-type: none"> <li>• They will then catch the virus if they <b>touch</b> their <b>face, nose, mouth</b> or <b>eyes</b></li> </ul>

	<h2>Symptoms</h2> <p>People who have the <b>Coronavirus</b> may have:</p>
  	<ul style="list-style-type: none"> <li>• <b>A fever</b> – this means when you feel hot to touch on your chest or back</li> <li>• <b>A new cough</b> – this means coughing a lot or more than normal</li> <li>• <b>Changes to taste and smell</b></li> </ul>
	<p>Coronavirus affects people's bodies in <b>different ways</b></p>
	<p>Some people might <b>not</b> get any <b>symptoms</b></p>
